Sculptures in Bronze

10 – 21 August 2022

Studio W 6 Bourke St Woolloomooloo

Above all else I create sculpture that strives to engage the viewer on an aesthetic level.

The philosophy of Aesthetics is something that intrigues me as it explores how we engage and interrelate with objects and what we find to be beautiful within the experience of our lives. Through my artwork I seek to bring this quiet contemplation of beauty to the mind and involve the audience in the aesthetic experience.
