PETA WEST

Alight / 8 – 19 November 2023

Peta West is a practicing contemporary Australian printmaker whose work taps into the sublimity of her surrounding environment on the South Coast of New South Wales. Working primarily with linoleum, she creates immersive large-scale prints that beguile audiences with their intricate detailing and depth. Peta's prints are worlds unto their own, each a self-contained universe, where plants and animals appear in abundance.

		edition	print size	framed size	framed	unframed
