NATASHA JUNMANEE

Exuberance

30 October – 17 November 2024

As an artist, I am constantly captivated by the beauty that surrounds us in everyday life. With this exhibition, I sought to capture the joy and playfulness that can be found in various objects. Through my still life paintings, I aimed to showcase the lavishness and vitality that is inherent in all things. My work is an exploration of colour, light, and form, and my goal is to create paintings that evoke a sense of wonder and delight in the viewer.

I hope this exhibition will inspire viewers to see the world around them with fresh eyes, to appreciate the little moments of beauty and joy that make life so rich and fulfilling.
