

SIMONE PICCIONI

Rumour

3 – 21 September 2025

“My most recent paintings have drawn me into the boundless world of interiors and still life. Whether simple or complex, settings like my grandparents’ cellar often become the focal point of my compositions.

Objects such as chessboards, jukeboxes, pinball machines, and classical sculptures serve as portals to bygone eras—reminders of a time before limitless technology replaced the tactile joy of physical play.

These works are more than scenes; they are memories. Stories of father and son, and shared family moments, etched into canvas and never forgotten.”

– Simone Piccioni
